

STUDIOVIEW

DUAL PROJECTION OFF-WHITE SCREEN

The **STUDIOVIEW** screen is a cream-colored surface that's perfect for both front and rear projection. Designed for low ambient lighting, the screen minimizes reflections for a rich, aesthetically appealing presentation. The durable material also allows for wide-angle viewing, so audience members receive a complete image without harsh glare or blurry edges.

Applications include: Cycloramas, theatres, events, studios, museums, opera houses, worship and educational facilities, theme parks.
